Subject: CRS Site Group Meeting Minutes and Request for Extension to Submit Revised RI/FS

Please find attached the electronic version of my cover letter requesting an extension of time to submit the revised RI/FS until March 20, 2006 (a hard copy was also sent overnight mail). This is consistent with your request at the February 10th meeting that we keep the extensions to 15 days at a time, which would have moved the deadline from March 3 to March 18. But, since that falls on a Saturday, we are requesting that the deadline be moved to the next business day (March 20, 2006).

<<February 14.doc>>

The letter also transmits the minutes from the February 10, 2006 technical telephone conference (attached below).

<<CRS_Meeting_Minutes_for_02_10_06.DOC>>

We are asking that you review the minutes and confirm that they reflect the understandings reached. We will then be able to move forward with the RI/FS revisions confident that we are all on the same page. The other files attached are the various appendices to the meeting minutes.
